Chair announcements: An update form was sent out by email. Fill this out with your proposed changes so that we can vote on them.

Rodolfo: Spoke with Michael to streamline process, originally started out trying to make sure everyone rights are taken into account but this has become really complicated. Will talk to him during the break so that it can be shortened and see what can be worked with.

Jake: On 11, I talked to Betz already and he agreed with most things already. Clay shouldn't have much else to add/

Jorge change 1
9.F.6: 5-0-0
9.F.7 5-0-0

Jacob: Look at getting justices more involved.

Rodolfo: Golden rule is really vague on starting that process, could work on specification.

Jorge: Look for any way to consolidate process between different colleges.

Rodolfo: I am trying to get in contact with the colleges, specifically about the summer semester.

Jacob: Even deans find the consistency to be lacking. Justices should sit.

Jorge: Also the list of 30 students that are supposed to be selected isn't happening.

Rodolfo: I'm not sure if they ever get to that point but it would be good to clarify that in writing.

Jorge: We should also try to stop dead appeals.

Rodolfo: The issue is that students will continue to try anyway.

Gilmer: However this would stop the department from having meetings for frivolous reasons.

Jacob: I will send out a doodle to figure out meeting schedule for next semester.

Advisors report: Be aware of the timeline, things are going very quickly. Be very intentional about meeting and how much work we can get done. If you need help, then get help. Also you should work to help prepare the next year's committee.

Final roll call: Same as initial

11:08: Meeting adjourned

Next meeting on January 21, 2016 in the Siesta Key Boardroom Room 225.
