- **Identified Topics of Interest for the Spring 2019 Committee:**
 - **Academic Grade Appeal Process**
 - Revise the process students must follow before they're allowed a formal hearing. The current process tends to cause confusion over who students must contact and when.
 - **Interim Suspension Process (individual/organizational)**
 - Consider having only punitive amnesty for organizations. Consider limits on how often amnesty can be used. Consider having a panel hearing rather than a single individual making decisions.
 - **Hazing Amnesty**
 - GRRC will research other institutions with similar policies and see how we might be able to implement them
 - **UCF 5.008 Rule 16: University Student Residence Violations**
 - Consider making the language of this policy more specific.
 - **Policy Review for Diversity**

- Samantha will spearhead an initiative to ensure the Golden Rule is inclusive to a diverse student body. Consider removing gendered pronouns from the Golden Rule and replacing them with “student”.
 - **Downtown Campus**
 - Review language of the Golden Rule to ensure policies fairly apply to UCF Downtown students
 - **Judicial Branch reviewing lower-level conduct cases**
- **Assign Sections for Review**
